

NORTH CENTRAL HEART INSTITUTE Compliance Plan

To Our Employees

North Central Heart's Compliance Plan provides guidance to ensure our work is performed in an ethical and legal manner. It emphasizes the common values which guide our actions and establishes resources to help resolve questions about compliance issues.

If you have questions regarding the Compliance Plan or encounter a situation that you believe violates its provisions, you should immediately consult your supervisor, the Compliance Officer, or a member of the Compliance Committee. The Compliance Plan includes other ways to express a compliance concern. You may express a concern anonymously. And be assured there will be no retaliation for asking questions or raising compliance concerns.

To report a concern anonymously, please click on the following link.
